2. Order your garments directly from the FCC shop at the same link.
3. You will be able to order in the free postage window from February 10th to March 10th.
In order to ensure you are not charged postage **you must enter FAIRFIELDWINDOW in the promo code box** at the checkout when you calculate your total payment.
4. Your gear will be delivered to FCC via Robin Curwen-Walker, all separately bagged and named. They will be available for collection from the 27th April.

Please be aware that once the window closes, production on orders begins. So even though you may order early in the postage window period, your order will arrive with the bulk order – no earlier.
